Fire Update - Ellerslie Hop Myrrhee

As you are all aware The North East Region of Victoria has been ravaged by bush fires over the past 10 days.

At Ellerslie our fire prevention program has been implemented and we have been on high alert during this period. In accordance with CFA guidelines containment lines and fire breaks have been cut around our perimeters. There have been many sleepless nights by Carl, Darren and all the Crew at Ellerslie Myrrhee, watching for spot fires. In the event of any spot fires we have an adequate supply of water that isn't dependant on power.

Ellerslie's prepared as we can be, however it ultimately comes down to favourable weather and wind conditions.

Please join us in praising the tireless efforts of the CFA volunteers who give an unprecedented amount of time to combat these hazardous conditions.

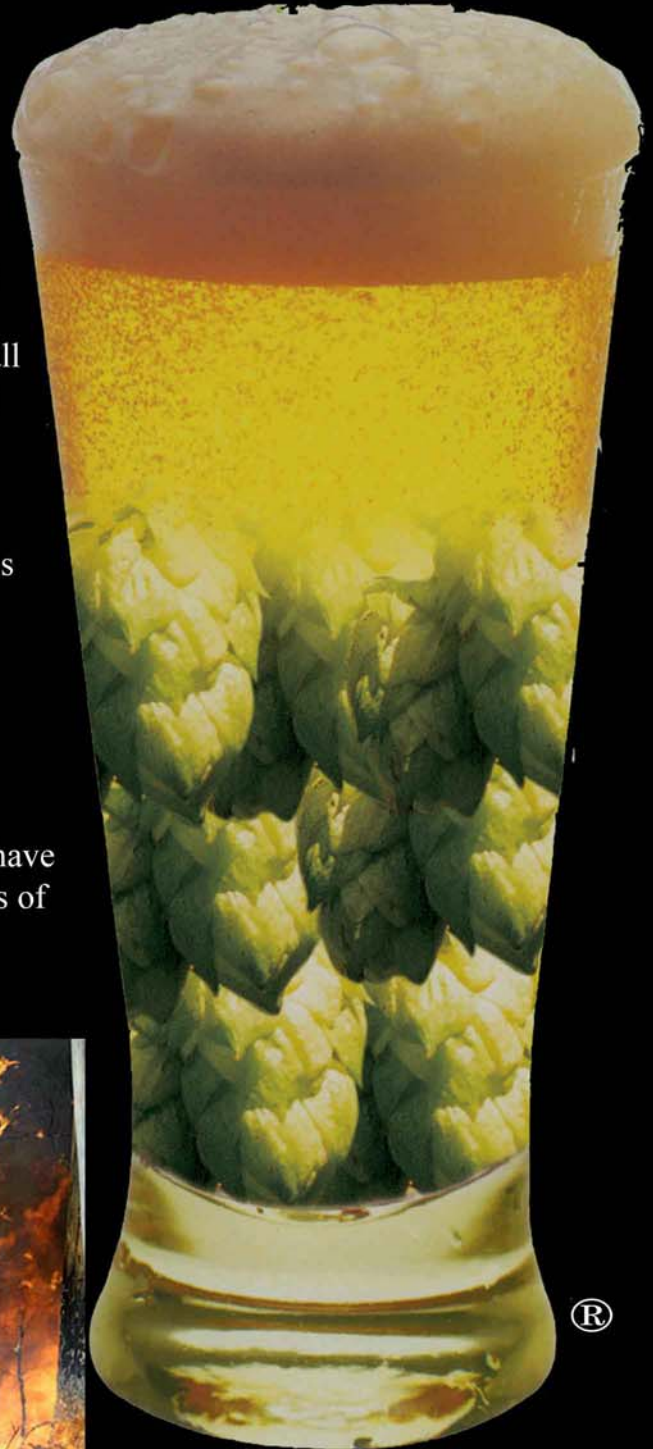

Thank you to all our friends, colleagues and customers who have telephoned over the past few days offering support and words of encouragement. It is greatly appreciated.

Regards,

Des Croke, Greg Croke, Carl Monshing
and all at Ellerslie.
